

Morgantinon PRIZE Case Perrotta OIL

The awards ceremony for the "1st Regional Competition for Extra Virgin Olive Oil", called

Μοργαντινων,

took place in the wonderful setting of the Greek Theatre in Morgantina, which was one of the more exciting Hellenic cities in Sicily.

We had the pleasure of seeing our Oil come third in the Organic – Intense Yield category.

This recognition, added to others among which that of Slow Food, is a reward for our continual efforts to create first-rate products, despite the difficulties of "Heroic Mountain" farming, that protect the Consumer's health and safeguard the Territory and the Environment.

As confirmation of this, we suggest you read the [chemical analysis](#) of the oil produced in 2010 with its relative limits and the [technical data sheet](#) for our Olive Grove.
